PROFISSONEL SUMMARY

Skilled Full Stack Developer with high designing skills adept at creating web and mobile applications with proficiency in both front-end and back-end technologies. Skilled in utilizing frameworks like React and Node.js to deliver efficient solutions. Able to solve problems and to stay updated with the latest industry trends.

PROJECT

Developer

Parfumerie-Barbouch   January 2024

Designed a visually engaging web interface in Figma, ensuring accessibility and responsiveness. Developed secure RESTful APIs with Node.js and Express, implementing JWT for authentication. Created dynamic UIs using React, showcasing proficiency in state management and API integration. Documented code thoroughly, emphasizing testing and deployment strategies for scalable applications.

Developer

Space   February 2024

Designed and implemented website sections using Next.js, CSS, and Bootstrap, prioritizing intuitive navigation and visually appealing elements to enhance user engagement and experience. Integrated UX principles to optimize usability and accessibility across the platform, ensuring seamless interaction.

Developer

Store-Echrili   March 2024

Designed intuitive interfaces in Figma with a focus on accessibility and responsiveness. Developed robust backend functionalities including CRUD operations and an admin dashboard using Node.js and Express. Implemented dynamic frontend features with React, showcasing adeptness in state management and API integration. Documented thoroughly, emphasizing testing and deployment strategies for scalable applications.
